Family,

This guide is to help us travel together as we build these life changing principles into our lives. If for some reason your cell does not meet on a certain week, please do the reading and ask the Holy Spirit to “work IN me”.

At the next meeting, discuss both weeks’ truths. You won’t want to get behind for as you can see, we will *just* get through all the chapters this year.

We ask the Lord to bless you and encourage you as these truths become integral to your walk with Him. May Jesus be seen through your life as you grow and become more and more like Him.

We love you much!

Pastors Jack and Carol Hanes
